

Dear Parents,

Thank you for your support during remote learning. Please see the attached 5/4-5/8 Weekly Planner for lessons assigned this week and review the following items as you plan for this week's remote learning:

- **Daily Check-in Questions** used for taking attendance will continue to be assigned in the **"Activities" tab on Seesaw**.
- **Habitat Activity for Science/Reading. They are combined this week.** Please make sure this is completed in Seesaw Activities. Please follow all directions.
- **MUST DO's are Reading/Science and Math.** Note: Students will follow the lessons on their assigned teacher's math slide.
- **Hyperlinks to other websites needed for lessons are in teal.**
- Please note links on the **Field Trip** slide as there are many valuable ongoing daily activities for kids to participate in as well as daily virtual field trips.
- **MAY DO WRITING enrichment: Students will listen to "Ralph Tells a Story" and complete a template with writing ideas/topics.** Students will then choose their own topics for writing this week. See writing slide for more information.
- **MUST DO SCIENCE enrichment: **Please follow the instructions in the slides. Science will combine different activities from PebbleGo, Seesaw, and Brainpop Jr. ****
- **MAY DO SPELLING** is in Spelling City. Lists are in our **Weekly Planner Slides**.
- Also, **Flipgrid** is an option for students who would like to use it.
- **Remember:**
 - 1) Lessons should be turned in on Seesaw as they are completed.
 - 2) Please turn in as many lessons as possible by Friday evening.
 - 3) Students who need extra time may turn in lessons by 8:00 pm. Sunday evening.

Sincerely,

Zainab Hashem, Rebecca Vales, and Lesa Harris
